

# SLO Classical Academy

## Enriched Hybrid Model

### for Middle Schoolers

We are pleased to announce that we are moving forward with our new program for Middle Schoolers. Please read the information below about this wonderful new opportunity and hand in your registration plans as soon as possible so we can insure that the program will be funded adequately enough to solidify it.

It is important to note that we still consider this a hybrid model. Although the students attending this program will receive extra help from their teachers during lab times, parents will still be considered the home teacher and will remain responsible for oversight of required home education. It is also unlikely that students will finish all their core assignments during their lab classes, so families need to take this into consideration. In addition, enrichment class assignments (from Tues/Thurs) will be minimal or nonexistent - the intention is for them to be mostly self-contained. In addition, this program is considered to be a year-long commitment, as is our core class program.

We will take registration through July for the entire 4 day program – space is limited to 16 students. On August 1, we will open up classes to take individually if space is available. Individual classes will be \$140/trimester for one-hour classes, and \$240/trimester for two-hour classes.

#### Weekly Plan:

M/W – Regular Track A Core Studies (space is very limited!)

T/Th – MS Enrichment Studies Days

F – Options - morning Study Lab from 8:30-11:00 and/or afternoon Academy Classes

#### Special Notes:

- Friday's 1 1/2 hour Study Lab will be open to all Middle School students at SLO Classical Academy. In the fall, the following options will be available: One time drop-in (\$25), punch cards (6visits/card) (\$120/card), and trimester plans. (\$210/trimester).
- Signing up for all 4 hours of Academy classes as a package saves money! However, classes also be taken individually. Although you register for the package deal with this form, you still must sign up for the AC classes your child chooses to take in the fall.

**Weekly Schedule:** (some changes may occur as program unfolds)

	Tuesday	Thursday	Friday
<b>Period 1</b>	Writing Lab	Writing Lab	Study Lab 8:30-11:0
